Never to Be Forgotten

Cheer, cheer for old Hicksville
High!
Shake down the echoes, cheering
her name!
Send a volley cheer on high;
Shake down the thunder from
the sky.
Although the odds be great or
small,
Hicksville High will win over
all
While our loyal sons are fighting
Onward to victory!
RAH! RAH! RAH!

Hearken! Hearken! Music Fills the Air

Strains of merry notes, sounds of happy voices, and tones of gay spirits fill the air at Hicksville High School during each school year. The year brings pleasant memories to every one of us. As we walk down the halls each morning, we hear the warm hellos. We hear not only the hum of happy voices, but the strains of merry music classes. Each one of us has those special experiences that we re-

call with fondest memories. It may be the sound of the high school band at football games, the gay spirits of our team, the personal recollections of us all, and those well-remembered proms, dances, and the chords of "Pomp and Circumstance" at Commencement. Whatever occasion it may be, we shall never forget that music fills the air in and around Hicksville High School.

To the Graduates of the Class of 1960:

May I extend my congratulations to you for your accomplishments throughout your school career, and give praises to you who have attained high quality. Graduation from school is not the end but merely another step toward the building of a life of value and quality. In the years to come you will remove this yearbook from the shelves and reflect on valued memories. At that time I charge you to be able to say, "I have used my God-given abilities to be of use to my fellow men." It is my hope that each of you will have a bright future of your own choosing.

Sincerely,
NORMAND JONES

Hicksville Elementary School is an important part of our community. Here the nineteen teachers instruct the students in the basic fundamentals of everyday life. Of great benefit in the elementary program are the large multipurpose room and the

cafeteria which serves four hundred pupils. There is also a music program in which the students may participate. The doors of our elementary school are always open to those interested in the educational development of their children.

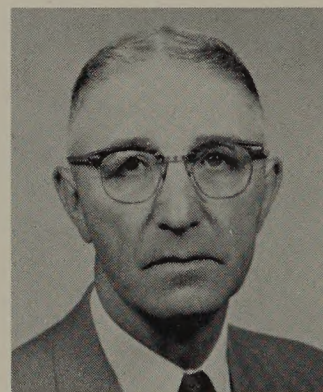

They, Too, Serve

Our school board is composed of community-minded individuals interested in the betterment of our school. Although the board is seldom praised or complimented, the members spend many hours of their time appointing an adequate administration

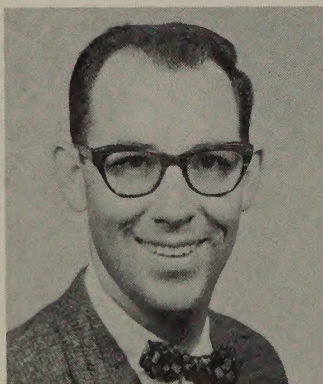

and staff, planning for future enrollment, and securing adequate funds for efficient operation. The school board also promoted the pre-school workshop at the end of August which set the pace for the coming year.

Principal

Mr. Ringer, principal of our school, spends much of his time observing classes and assisting both the students and the faculty. He helps us to graduate with a well-balanced education by encouraging good school work and outside activities. In order that we might have these outside activities, Mr. Ringer is also our athletic director. We are grateful to have a principal interested in the youth of Hicksville.

Secretary

As school secretary, Mrs. Thiel is busy keeping records of all students up to date, taking dictation and transcribing letters, and performing the many other secretarial duties. Yet, as you can see, she always has a cheery smile for all.

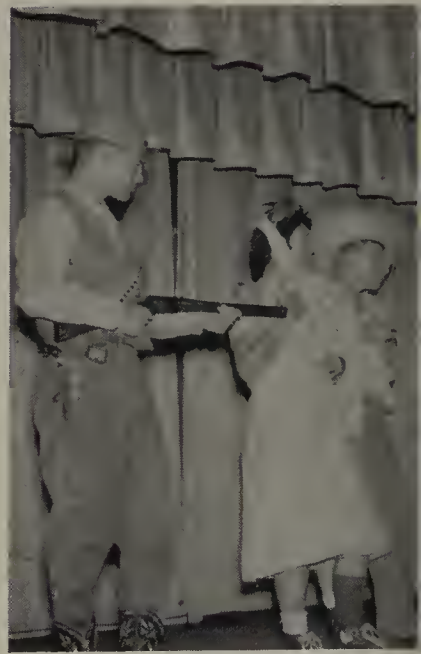

I remember, I remember
Where I was used to swing,
And thought the air must rush as fresh
To swallows on the wing;
My spirit flew in feathers then
That is so heavy now,
And summer pools could hardly cool
The fever on my brow.

—Thomas Hood

Indispensable Aides

What an efficient group of office girls we had this year! They worked hard every day to lighten the load of Mrs. Thiel. Included in a typical day's work are checking absences and the typing of many records.

With "The Strength to Move a Mountain" our staff of librarians set to work under the instruction of Mrs. Wood, head librarian. Among their many duties they lend books, collect fines, repair and catalog books, and help students find reference material on subjects ranging from atoms to zebras.

FRONT ROW: Janet Bilger, Iola Lobdell, Gloria Osmun, Florence Jewell, Pat Kenner, Mrs. Wood, Diane Doeden, Janet Rowan, Phyllis Sweeney, and Judy Osmun. SECOND ROW: Dennis Stuckey, Lowell Cunningham, Gerald Dunmire, Rick Mock, Marsha Wirick, and Neal Blalock.

Our Classes

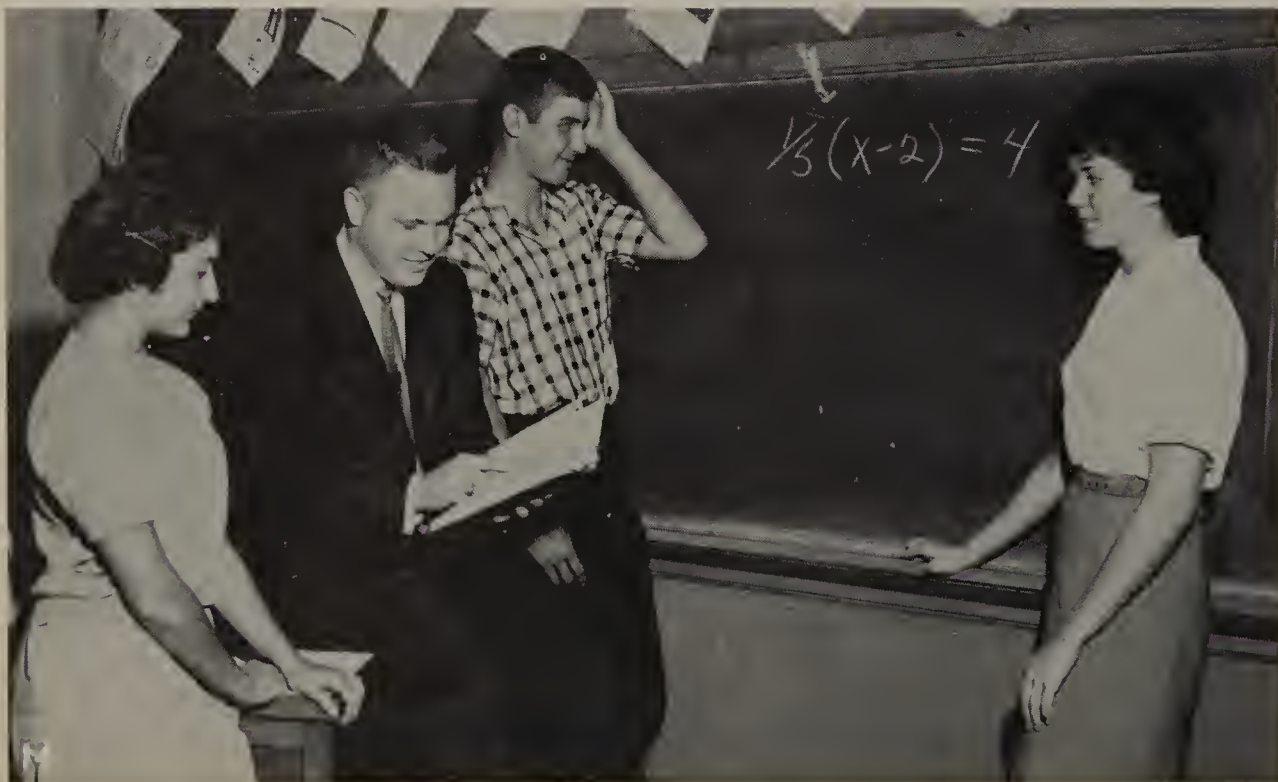

General Science

Watch out for flying objects when Mike Kenner, Ricki Pierman, Sally Scott, and their science class start experimenting!

Science

Is it bubbling? Sally Carr, Gary Miller, Susan Killian, and Dan Ginther enjoy their 8th grade science class—especially when they do experiments.

Algebra

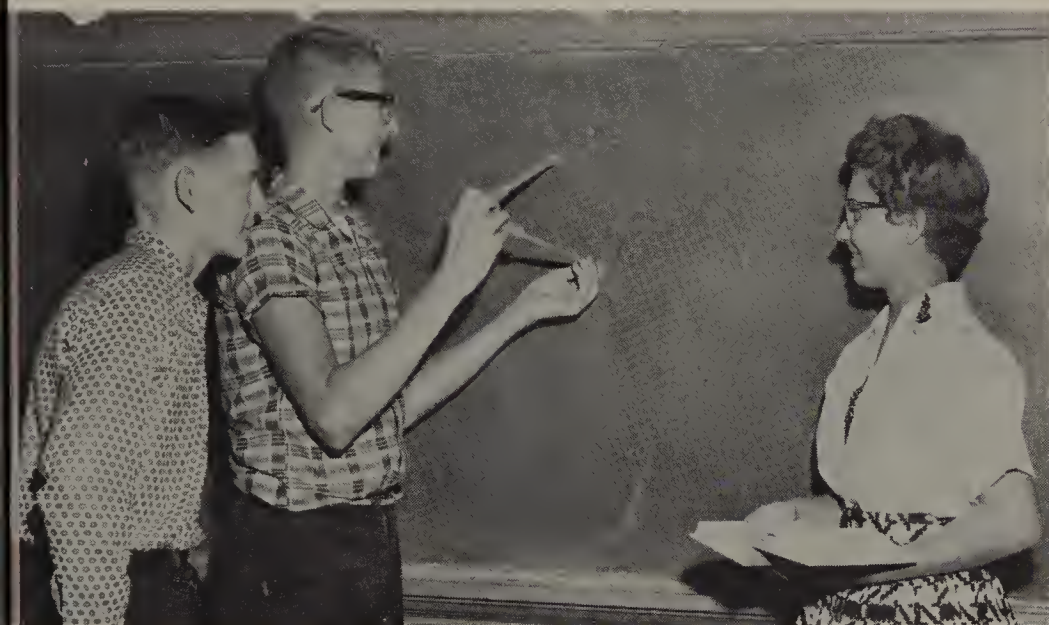

Brian Rohrs thinks the problems in algebra are hard to solve. Mr. Farlee explains to Karen Stairhime and Donna Husted that it's simple, all you have to do is understand them.

Run With Frightening Regularity

Chemistry

Mary Wort, Jane Peebles, and Gloria Osmun watch Judy Amaden as she pours an explosive into the beaker wondering if Judy knows what she is doing.

Plane Geometry

Are you sure the circumference of a circle is 360 degrees? If you're in doubt, ask Dennis Hammond, Dick Gordon, or Phyllis Sweeney since they're taking plane geometry and they know all about it.

Biology

"Hey! Where's this go?" asks Lowell Griffith as he looks at a replica of a human being during biology. Barb Arnold looks in the book and tells Lowell the correct position.

Physics

In physics Jim Cromwell, Elton Snyder, Allan Miller, and Mancil Brush learn more about mathematical solutions.

There Are Only

Home Economics

Sharon Bassett, Joan Battershell, Kay Calvin, Lucille Blasing, and Beverly Hart are learning to make flower arrangements in Home Economics as well as many other ideas they can use in the home.

Drivers' Training

"Oh, oh! We've got another flat tire." But Bob Rowan, Helen Smith, and Cheryl Jones have learned the tricks to tire changing, thanks to drivers' training.

Civics

Mrs. McKeen explains a public health chart to Alice May, Ellen Walter, Joe Adams, Jackie Cunningham, and Doug Cook, members of her civics class.

Geography

The globe has Frank Handy, Paul Shortgen, Pat Kenner, and Mary Lou Kelley fascinated with the many places they study about in geography class during their senior year.

Twenty-four Hours a Day?

Wouldn't it be fun to have a secretary like Deanna Tom-
nson or Janet Bilger? They decided they better learn to
take shorthand before they practice sitting on the boss's
knee.

Better check those figures again! The business machines
are getting a thorough work-out as Ann Smith, Arlos
Boger, and their class learn how to use the Comptometer,
Calculator, and the 10-Key Adding Machine.

Do you want to learn the fundamentals of bookkeeping?
Well, Joan Blasing, Marcia Wirick, Phil Carr, Ray Hinsch,
Dianne Doeden, and Tom Knight are mastering the course
this year and learning how to "get rich quick."

"Mrs. Scheuring, will you please explain that again?"
Gary Meeks, Sharon Bassett, Sharon Tustison, Richard
Camp, Sandy Clark, and Lowell Griffith are discussing
Shakespeare's "Julius Caesar."

Coaches Norris Simpson, B.S., M.S., and Fred Hilbert, B.S., are looking into their crystal ball and trying to get a peek into the future of the Aces.

Mr. Philip Wahl, B.S., A.B., and Mr. Derrill Murphy, B.S., M.A., are examining an oscilloscope which helps science students in the study of vibrations of matter.

English teachers, Mrs. Audra Batchelor, Mrs. Iva Scheuring, B.S., and Mrs. Ruth Wood, B.A., are getting additional material from the library in order to make classes more interesting.

Mrs. Patricia Miller, B.S., and Mrs. Mary Culler, B.S., are taking a well-deserved coffee break after a long day's work.

School Must Go On

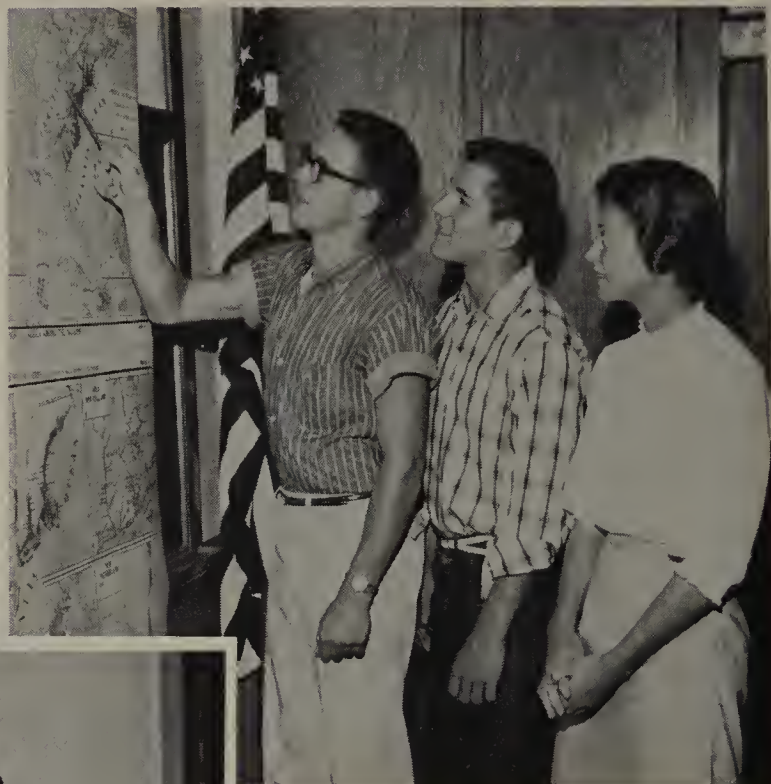

Speech

Ed Hissong explains to Jo Ann Hurni, Rex Conine, and Donald Cover the fundamentals of good breathing for speaking. This is an important factor for good speech.

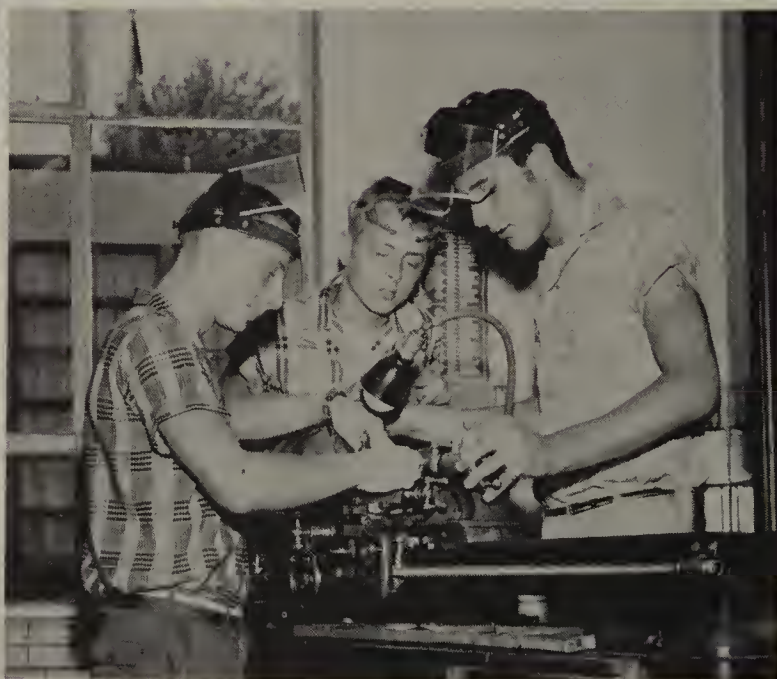

Drawing

It looks as though Lowell Cunningham and Dave Kirby are busy drawing a house plan. Shop drawing teaches the boys more about blueprints and drawing.

American History

In American History Ra Schooley points out to Mary Nolte the original thirteen colonies which are known for their historical significance.

Shop.

Don't let your hands slip! Our industrious shop boys, Frank Toth, Jerry Betts, and Bob Kline, are busy making a cannon barrel in the metal lathe.

With a high degree of charm and wit, a sense of responsibility, and a willingness to help others, Ann will be most welcome in the teaching profession.

A hand-drawn musical staff with a treble clef. The words "JUNDE RECLAS MEN" are written across the staff in a stylized, handwritten font.

MUSIC ORGANIZATIONS

Our Legislative Body

SEATED: Gloria Osmun, Judy Towne, Lucille Blasing, Mr. Ringer, Gloria Blasing, Rickie Pierman, and Alice May. STANDING: Tom Sholl, Mike Kenner, Dave Metz, Dennis Stuckey, and Howard Blasing.

Our twelve representatives on the student council discussed problems pertinent to the student body. They made plans for the homecoming, sponsored the National Honor Society, supervised cheerleader elections, and suggested ways to solve other school problems, during their twice-a-month meetings.

Preparing for a Vocation in Business

Sell it? I'm going to eat it!

"Preparing for a Vocation" is the slogan of the Future Business Leaders of America.

Our club has many interesting activities during the year. Forty-two members attended our annual State Convention in November at Dayton.

Honors came to Hicksville as Janice Peter was elected First Vice-President of the State, and Sue Stemen was named State Delegate to the National Convention in June.

Ten members attended the National Convention which was held in Washington D.C. in June, 1959. Enthusiasm ran high as Ann Smith was elected Vice-President of the Central Region, which includes seven states. Arlos Boger was her capable campaign manager.

The annual fall candy selling project brought in money to help send delegates to the convention. Bake sales netted additional funds permitting more members to attend this yearly state meeting.

Probably the most worthwhile project of this club is the Christmas collection of clothes and toys, which is taken to the Defiance County Children's Home by the members.

Honor Students of H.H.S.

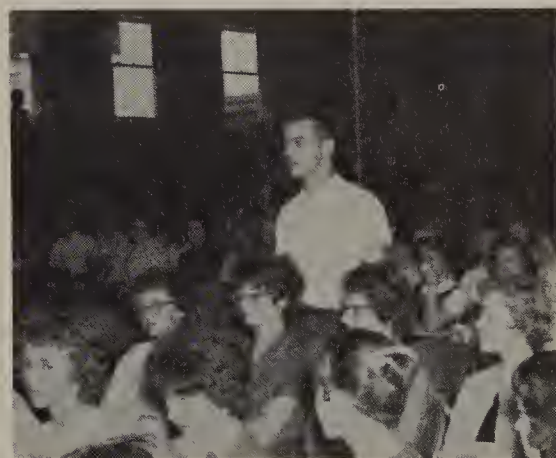

You are now a permanent member of the N.H.S.

Qualifications are high for membership in the National Honor Society. The first requisite is high scholarship, an average of 3.5 being required for candidacy. Then each candidate is judged individually by secret ballot of the faculty on his merits in the areas of leadership, character, and service.

Two major events highlight the year for Honor Society members. One is the annual tapping and induction service, an impressive candlelight ceremony held usually in April. The other event is a dinner meeting honoring the graduating members. Mrs. Ruth Wood is the sponsor of this organization.

"In the flaming torch of knowledge I light the white taper of character."

"I have found Sandra Byroade who has been elected to probationary membership in the National Honor Society."

Varsity Awards are given at seasonal banquets to those athletes who have participated in at least sixty per cent of the quarters of all games in their chosen sport. To join Hicksville High School Varsity Club, each varsity award winner

must make an application which must receive a majority vote from the membership before he becomes one of the group.

A signal honor to be a member of the H.H.S. Varsity Club!

Teachers and Homemakers, We Plan to Be

This year the Future Homemakers of America has twenty-six members. All homemaking students are eligible to join FHA.

Some of our activities were attending district meetings, carol singing at Christmas, and serving at the Fall Football Banquet.

Under the leadership of our advisor, Mrs. Miller, and with the cooperation of the officers and members, we have accomplished much this year.

Our newly-organized chapter of Future Teachers of America has twenty-two charter members. The chapter was instituted to help those Juniors and Seniors interested in exploring the advantages of teaching as a career and to prepare others for college. The club's program included panels by students and teachers.

"Headin' For a Weddin'," the Senior Play, took place in a mountain cabin in West Virginia.

Homer Hollowbone, a young hillbilly, falls in love with the picture of a pretty girl in the newspaper. After writing sweet talk to her and leading her to believe that he is the son of a rich plantation owner, he finds that he is in a peck of trouble. Melissa Dugan, the girl Homer has been writing to, shows up all set for a weddin' and finds Homer and his hillbilly friends as poor as paupers.

What takes place after this is one sidesplitting laugh after another.

Step High and Guide Right

This year the marching band of H.H.S. participated in many activities showing off their skill with each step. They performed in the Defiance and Paulding County Parade of Bands.

Novelty half-time shows were presented at all of the home football games and also at Edon and Angola by the band.

They led the annual Halloween, Christmas, and Memorial Day Parades.

Precision Plus

During the football season our six majorettes—Diana Cottrell, Susan DeLong, Judy Ringer, Melissa Kelley, Janet Massie, and Nancy Betts—were under the capable instruction of Sue Stemen, our head majorette. They provided many snappy and colorful baton routines at the football games. It's always a thrill to see them stepping high as the band goes by.

Those Wonderful Years

"Those Wonderful Years" from 1942 to 1960 were spectacularly revealed all in one night when the Senior Class presented the annual Coronation on March 18, 1960.

Following the delightful variety show, the anxious crowd was thrilled as Crown Mistress, Ann Smith, and her small assistants, petite Jo Ellen Miller and Master Stanley Rowan, crowned King James Cromwell and Queen Colby Gecowetts and bestowed the coveted titles upon the members of the Royal Court. Students from the Freshman, Sophomore, and Junior classes elected these seniors to their honored positions.

Gay music filled the gym as everyone joined in and danced to finish this lovely evening on a high note.

Looking back over our 1960 football season one can realize what fine team spirit was shown on and off the field. Coach Hilbert led his Aces through many tough games and helped Hicksville to renew its football enthusiasm.

As the season opened, the Aces clashed with Angola to win 34-12. Later in the season Hicksville placed a close victory of 28-26 over Edon.

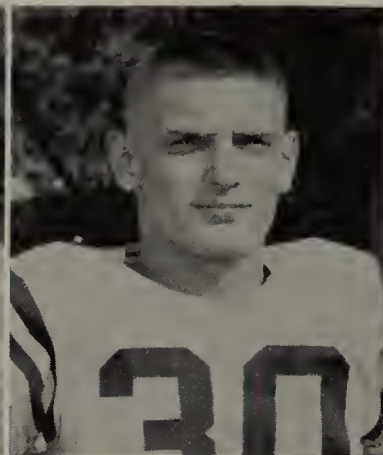

Coach Hilbert put his boys through a hard week of practice, training them to oppose Paulding, one of the area's toughest teams. As the night finally arrived everyone cheered the Aces on, but they just couldn't move

As the season drew to a close, the seniors played their final game for Hicksville High and what a game it was! The weather was below freezing and the snow was falling, but the Aces came on the field determined to end their season with a smashing victory against Payne. And this they did—Hicksville winning 36-6 with Ray Hinsch, Larry Smith, and Tom Ridenour scoring the touchdowns.

Ed Hissong fights hard to get that ball for the Aces. Hicksville vs. Jewell

NINETEEN-SIXTY—What a season! The Aces came through with a fine record having won some very important games. Many will remember the 1960 season because the Aces beat Edgerton and Fairview twice in the same year. This was quite a feat considering that the Edgerton Bulldogs were rated tenth in the State and Fairview is AA.

Yes, this was quite a season to remember. And we know that the three Senior boys: Dave Metz, Ed Hissong, and Jim Cromwell, will leave high school with fond memories of those greatest-of-all times, playing for the Hicksville Aces.

Bob Longworth was the only boy from Hicksville who qualified for state competition by throwing the discus 124 feet 11 inches for 3rd place.

This is almost the way we felt by the time our final copy deadline arrived.

Our very capable Advisor, Mrs. Culler, and Editor, Judy Camp, "worked?" many long hours in order to complete those final pages.

Many hours of research and hard work were spent by Jane Peebles and Gloria Osmun in order that the Hixonian might be complete with an alumni section.

Rex Conine, Helen Adams, Judy Amaden, and Linda Godfrey show their delight in knowing that all the work is done on this year's yearbook.
